

LACEY ACT COMPLIANCE STATEMENT

The Lacey Act (16 USC 3371 - 3378) is a federal law regulating the shipment of wildlife skins/furs in interstate commerce. In essence, the Lacey Act prohibits the shipment in interstate commerce of wildlife skins/hides that have been taken in violation of the laws of the state of origin and the receipt and/or possession of any skin/hide so shipped. Furs For Fun (FFF) processes skins received directly from the owners thereof, and, on a sub-contracted basis for fur buyers, taxidermists, tanneries, collectors, and other third-party intermediaries and cannot ascertain in any given instance whether or not a particular fur/skin has been taken in compliance with the laws of the state of origin.

Therefore, it is FFF company policy that the following signed statement shall accompany each shipment from all of our customers. Without such signed statement, the shipment will be rejected. (If more than one order form is used on a large shipment, each order form must have a signed statement attached to the order form.)

I, _____ representing _____

hereby state that all skins/hides in the accompanying shipment as listed on the order form were received, documented, and shipped in accordance with the laws of the state within which I or my company is domiciled. Moreover, to the best of my knowledge each piece has been handled in accordance with the laws of its origin; including, but not limited to: the taking, tagging, sealing, tag retention, reporting and transportation of each fur/hide.

Signature: _____

Position: _____

Date: _____

This protocol is designed to ensure the legal operation of our business and protect all of our client's furs/hides from seizure by state and federal wildlife agencies. Protecting our client's inventory is our top priority. The acceptance of any illicit or improperly shipped skins/hides can put everyone's furs/hides at risk.

We hope you understand this protocol is in place for your protection, the protection of your client's furs/hides, and for the protection of our company. If you are using a tannery with no, or lax, receiving protocols you are putting your furs/hides at risk even if your furs/hides are legal. We apologize for the inconvenience.
